NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

COMMISSION LOSES A MAN.

Pasadena Water Board Is Torn by Dissensions.

Mayor Thum Refuses to Shed Light on Trouble.

Sister Visits Brother Who Has Lost His Memory.

(Times of the Times, 25 S. Fair Oaks ave.)

PASADENA, July 25.—Before the Municipal Water Commission has yet held an active meeting following the "vote of the people to take over the systems of the local water companies," Mayor Thum, one of the members, has placed his resignation in the hands of Mayor Thum.

Neither Kernaghan nor the Mayor would discuss the matter last night. It is rumored that differences arising from the division of the work into that of the acquiring of the plants of the Pasadena, North Pasadena and Pasadena Lake Vineyard Land and Water companies to be accomplished by the City Council, and that of the maintenance of the systems after acquisition to be the work of the commission, is at the bottom of the differences that have arisen.

"I am not saying anything," was Mayor Thum's only reply to queries last night.

"I wrote a letter of resignation several days ago," said Kernaghan. "I prefer now that Mayor Thum shall handle the matter."

The other members of the commission are Fred E. Wilcox, J. M. Harvey and T. D. Allen. Mayor Thum is ex-officio a member.

A session of the commission is to be held within a few days. The resignation of Kernaghan will probably be given further consideration at that time.

The preliminary work attendant the acquisition of the waterworks that are to become the municipal system has now progressed to such a point that the commission will soon have much to do.

MAY CREATE NEW OFFICE.

The fact that the time is near at hand when the city will own and operate the waterworks, coupled with the fact that many supplies and much material of one kind and another will be needed within the next year, has given rise to the belief on the part of some of the city officials that Pasadena needs a purchasing agent.

If the City Council comes to this conclusion, and there is reported to be a likelihood that it will, such an office will probably be created.

The plan, if carried out, will be for one city official to make the purchases of material for all of the city departments. It is believed that at the beginning of the operation of the water department the work will be sufficient to require the incumbent's entire time.

HIS MIND A BLANK.

The case of Frank Spoon, who was arraigned before Justice of the Peace Dunham last Monday on a charge of child abandonment, and who said that he could remember nothing of his deed, was continued for another day.

Yesterday a sister, Miss Mary Spoon of Ventura, arrived in the city, saying that she had read in a newspaper of her brother's arrest. She was taken to Los Angeles by Judge Dunham to see the man in the County Jail.

It was arranged that he should be conducted to a room in which she should be sitting, and the plan was carried out, he paying no attention to her.

"Why, Frank, don't you know me?" she asked.

He replied that he did not, and added, when she told him that she was his sister, that he did not remember having a sister.

The woman spoke to him about his chest of carpenter tools, asking him what he had done with them. He replied that he knew nothing about ever having had a chest of tools.

Miss Spoon declares that she will do everything possible for her brother, whose queer case of lapse of memory is causing much interest on the part of court and jail officials.

Arrangements have been made for medical examination.

HORSES ARE DOOMED.

City Commissioner Hertel returned to Pasadena yesterday from a trip to the southern Pacific Coast, where he made inquiries relative to fire apparatus. He is more interested than

ever in auto apparatus and declares that he is in favor of abolishing the use of horses in Pasadena altogether as soon as possible and substituting self-propelled apparatus, as Chief Clifford of the fire department recommends.

IS STRUCK BY WAGON.

Harold Call, a 13-year-old boy who lives at No. 87 Glorietta street, was struck and knocked down yesterday on East Colorado street near Mission go avenue, by a Wells-Fargo express wagon driven by E. B. Brooks. He sustained several lacerations on the face and was taken to the Receiving Hospital, where he was attended by Police Surgeon McCoy.

READY FOR DRILL.

Company I, National Guard of California, last night assembled at the Armory and received its equipment for use at the camp that is soon to be established near San Francisco.

The company will leave Pasadena August 10, but detailed orders have not yet been received.

CITY BRIEFS.

An unusually interesting programme of events has been planned by the Shakespeare Club for the coming year.

Members of the Washington Heights Club will hold their annual picnic at Library Park next Tuesday.

Many out-of-town residents were in the city yesterday to attend the annual picnic of the summer bazaar day arranged by the Merchants' Association.

Mrs. Marian P. Washburn, her daughter, Miss Dorothy Washburn, and W. A. Wetherston, all of this city, are in San Diego organizing a back-to-the-land club similar to the one recently organized here.

City Assessor Kellogg has determined the bond rate of interest for the fiscal year of 1912-13. In the original city it will \$100 to \$100; in North Pasadena, 100, and in East Pasadena, 100.

Miss Gabriella T. Stickney last night was nominated as a candidate for the Assembly from the Sixty-second District, comprising Pasadena and Altadena, at a meeting of the Prohibitionists held at Good Templar Hall.

A McCall pattern representative will be in our store Saturday demonstrating. Hertel, the architect, is at Wadsworth's Hotel Vista del Arroyo, Pasadena.

Hotel Maryland and Maryland Grill open all summer.

VENICE REALTY BOARD.

Organization to Protect Public from Unscrupulous Dealers—Mysterious Fire Destroys Automobile.

VENICE, July 25.—Realty dealers, at a meeting held in the office of the Sargent company last night, formed the first Realty Board in the Santa Monica Bay vicinity. It will be called the Venice Realty Board, and its purpose will be the protection of the public and its members from the methods of unscrupulous buyers and sellers of dirt.

Temporary officers elected are: President, J. J. Lewis; vice-president, J. P. Fuller; secretary, E. R. Stinson; treasurer, J. P. Sargent. The committee on Constitution and Bylaws consists of Carroll J. Daly, Frederick Colby, R. Wilson, E. R. Stinson and E. B. Bray.

The members of the board are: Wilson Realty Company, Home Realty Company, J. P. Fuller Realty Company, Venice Home Builders, A. C. Peterson Realty Company, C. C. Kocher, E. R. Prior, C. E. Bates, Billson Realty Company, Perry Building and Rental Company, A. M. Sparlock, Sargent Realty Company, Carroll J. Daly & Co., and the Real Estate and Improvement Company.

AUTO DESTROYED.

At 8 o'clock this evening a fire, the origin of which is a mystery, destroyed a 1909 automobile, the property of Jesse Fuller, on Oakwood street, in the eastern section of the city. A small garage was also destroyed. The fire department by hard work, managed to save the Fuller home.

LITTLE BOY LOST.

Berry William Galway was the name given by a wife of 8 years last night, when brought to the station by Officer Wagner. The boy had been missing for a week, and his mother had been looking for him everywhere.

He stated that his parents came to Los Angeles from Kentucky a week ago, and that he had wandered about all day without being able to sell any. Finally he discovered he was lost, and he had wandered about the Police Station tonight, where an effort will be made to find his parents.

NEW AEROPLANE.

The American Aero Company has organized to build a biplane along the lines of the model made by George O. Seeley at the Venice garage, and the company will build its first machine on the Venice Gun Club grounds.

MORMONS REMINISCENT OF THE OLDEN TIMES.

REDONDO BEACH, July 24.—Pioneer's Day, the anniversary of the day on which, sixty-five years ago, the pioneers under the leadership of Brigham Young entered and opened up Salt Lake Valley to civilization, was celebrated yesterday by about 200 members of the Latter Day Saints' Church.

Present Joseph F. Smith of Salt Lake City, the head of the Mormon Church, was an honored guest and with his wife and four charming daughters, Misses Emma, Lucy, Edith and Martha, passed the day with his people, enjoying the cool ocean breezes and renewing old acquaintances and meeting new friends.

A number of men prominent in the Mormon Church were present, among whom were George Albert Smith of Salt Lake City, one of the twelve apostles of the church, President Joseph E. Robinson of the California, Arizona and Nevada mission, President W. J. Reeve of the Los Angeles branch of the church, and others.

President Smith and his family are passing a month at Ocean Park and have rented a cottage at No. 154 Hart avenue, Ocean Park. They arrived July 15 and will remain until August 15.

In the morning there was a short programme in the Pavilion auditorium. President Robinson delivered an address in which he touched on scenes and incidents in the early church history. He told of the coming of the Mormon battalion under Gen. Kearney to San Diego in June 6, 1847, and of the discovery of gold in California by the Mormons.

President Smith related some of his own experiences in crossing the plains in an ox cart from Council Bluffs to Salt Lake City in 1847, when he was but a boy of five years of age. He stated that no Mormon could be loyal to the government if he followed the teachings of his church. Referring to this he said:

"This country is considered the Zion founded by men of God and the constitution, a God-fearing instrument, must be maintained as long as time endures."

Pioneer hymns were sung by the choir, after which the Mormons adjourned for a picnic-lunch under the trees in the park.

President Smith was pleased to take great pleasure in watching the members of his flock enjoy the plunge, the dancing and other amusements. He spoke of the beauty of the country, the California Coast and of the wonderful change he noted in Los Angeles since his first visit here fifty-seven years ago.

ODOROUS RUMOR MADE MEN SICK.

Long Beach Nauseated Over an Imaginary Death.

Official Statement Necessary to Settle Stomachs.

Women Occupy the Stage at Missionary Meeting.

LONG BEACH, July 25.—For several days the "innards" of Long Beach people have been considerably disturbed by a startling rumor to the effect that the dead body of a Mexican had been discovered in one of the city's water reservoirs in such an advanced stage of decomposition that it was necessary to remove the cadaver.

Starting from nowhere the rumor gained as it traveled and distilled water companies suddenly realized an increase of about 1000 per cent. in their sales. Reporters, who got hold of the story ran down every dew to no purpose, except to draw had been a stoppage of water for a few hours one night and that there by saying that the rule is to thoroughly drain and clean the reservoirs every six weeks and the odor or taste was due to the demands upon the reservoir by the hot season, which drew from the drops of the supply.

Strong protests from quality citizens caused the water department and police to make a thorough investigation of the matter and today J. C. Tomblay of the Board of Public Works issued a statement officially denying the report, saying that the rumor had been traced to a barbershop, where a rumor of a suicide being found in an abandoned reservoir in Los Angeles, the locality being changed as the story grew. Member Tomblay in his official statement says all of the city reservoirs are completely enclosed and entrance could only be effected by breaking through locked doors.

ACCIDENTAL DEATH.

A Copner's jury this morning found after hearing several witnesses that Mrs. Mary Lamkin, killed on the outer wharf Tuesday, came to her death by being accidentally crushed to death between the launch Nellie and the wharf and fixes the blame on no one.

The evidence showed that as the launch came to a stop on the boat, it swung away on a wave and Mrs. Lamkin fell between, holding on to the hand of a man named almost carried with her. It was also developed that the accident occurred July 23 and that Mrs. Lamkin was the thirteenth passenger to board the boat.

WOMEN ON PROGRAMME.

Christian women active in the mission affairs of that city, occupied the programme of today's session of the Christian assembly.

About 400 delegates are in attendance, but as many more are expected at the final session tomorrow.

Mrs. Anna Paul Cason of Pomona, State president, acted as presiding officer, and after the opening exercises appointed the several standing committees, who will report tomorrow.

Mrs. W. Harper of Los Angeles reporting on the condition of the auxiliaries and young people's circles, advised that the Japanese delegation will be in the city tomorrow.

During the year the Japanese home in Los Angeles has been paid for and fitted out completely. Mrs. Elsie Lee Piper, superintendent in charge of the home, is interesting sketch of the plans of the society in instructing the Japanese men in the art of bookkeeping, and sign writing, and the women in sewing, physical culture and hygiene, courses which will entail additional expense the coming year.

After selections by the woman's quarter of Pomona Mrs. M. E. Harlan spoke on "A Charge to the King." There were a lot of new city officials in the city, and the women in sewing, physical culture and hygiene, courses which will entail additional expense the coming year.

Mission brought 700 of the beneficiaries to the beach today, transportation being furnished free by the Salt Lake road which provided a special train, of five coaches. At 11 o'clock the picnicers were given individual lunches each containing three kinds of sandwiches, two kinds of fruit and cookies. In the afternoon after free rides on some of the concessions and at moving picture houses another treat of ice cream and cake was distributed. Youngsters made up two-thirds of the party, which returned home at 4:30 o'clock. The mission will bring another similar crowd here next August 25.

NEWS BRIEFS.

The Board of Public Works, acting as the water board today ordered the Salt Lake Railroad to discontinue filling its tank cars with water.

Long Beach and hauling it to Terminal Island and San Pedro, the aim being to conserve the water for local consumption. It is claimed that the water was being used for the lumber concern and the Yale and Harvard steamers.

Lou Harkness was arrested on the street this morning by Detective Mitchell. He is wanted in Los Angeles on a statutory charge. Two Los Angeles officers spent last night here looking for Harkness. His alleged companion in the crime named, O'Brien, is under arrest in Los Angeles.

WILL BUILD ROAD TO TORRENCE.

Redondo Beach Business Men Will Efface the Three Miles Which Separates the Two Towns.

REDONDO BEACH, July 25.—At a meeting of business men of the city last night, was decided to try to facilitate the immediate building of the proposed boulevard to Torrence.

The Pacific Electric company will soon build a railroad over the three miles between the two places and it is planned to build on either side a twenty-five-foot boulevard. The matter will be taken up by the Good Roads Committee of the Chamber of Commerce to confer with the Dominguez estate people and the County Supervisors. An estimate on the cost of the boulevard is \$40,000.

As many of the employees of the Union Tool Company and other works at Torrence are buying homes here, a boulevard and car line is greatly needed to connect the two towns.

Having admitted women to the membership of the Chamber of Commerce recently, the only way for the ladies to be able to secure a meeting without the presence of the ladies was to call a meeting of the business men of the city and include in the invitations most of the male members of the organization. This is said to have been one of the purposes of last night's meeting, as well as to hold a sort of love feast among the business men of the town that all might be brought to work together harmoniously on the various improvements and movements recently taken up by the city.

Addresses were made by J. H. Cavanaugh, W. J. Hess, E. C. Thomas, O. N. Tomlinson, O. J. D. Phelps and Harry Brooks. Most of the addresses treated with the necessity for harmony among the business men in carrying out projects such as the municipal park and other improvements. O. N. Tomlinson, president of the Chamber of Commerce, who called the meeting spoke of the various reforms and improvements needed and the necessity for the business men to realize the importance of these things.

COLLECT CONSIDERABLE CASH.

Pomona Taxpayers Pay One Hundred and Seventy-eight Thousand Dollars Into City's Strong Box.

POMONA, July 25.—The annual report of City Auditor Charles H. Phelps of the receipts of the city for the past fiscal year to have been \$178,827.42. Of the receipts were \$118,600 were from tax collections, about \$4700 from city licenses and \$475 from the Pomona Telephone annual franchise percentage.

In the police department 354 were fined for exceeding the speed limit, regulating motorcycles and automobiles, eighty-six for riding bicycles on the sidewalks, sixty-nine for leaving horses on the streets unattended, fifty-three for intoxication, four for using profane language in the parks, three for obstructing traffic, five for blocking with trains the railroad crossings in the city, seven for vagrancy, two for allowing chickens to run at large on the streets, five for cutting corners of streets when turning in defiance of the city ordinance, and five for riding motorcycles with mufflers open, six for leaving automobiles on wrong side of street, two for carrying loads on the back of a person, five for reckless driving and six for violating the liquor ordinance. It will be evident from the foregoing that the officers have been diligent in enforcing the numerous city ordinances.

NEWS BRIEFS.

About a thousand residents from all parts of the valley, including Claremont, Lodi, Burbank, Spadra, San Dimas, Chino, Ontario, Upland, Glendora, Covina and this city, attended the annual picnic of the Women's Christian Temperance Union, held all day at Ganessa Park, with the Pomona Prohibition Club. A basket luncheon was served on the picnic grounds at noon, and during the afternoon there was a programme in the interest of the cause of temperance, the principal speakers being Mrs. J. L. Phelps of Los Angeles, president of the County W.C.T.U., and Mrs. Mary Coman of Covina, editor of the "American" of this city.

City Assessor Mullen is finishing his work of placing valuations on real and personal property in the city of Pomona for the purpose of fixing the tax rate thereby to furnish the money to run the municipality for another year. He is of the opinion that the total valuation last year was \$1,000,000. The total valuation last year was \$1,000,000. The total valuation last year was \$1,000,000.
